Hi all. On DEQ's behalf, I have prepared responses for the concerns raised by the Oregon Forest Industry Council with the Governor's Natural Resource Office. The "Responses to PCW Concerns...All" document and the "Responses to Concerns...figures" PowerPoint will be handed out at the meeting this afternoon to all attending, OFIC representatives included. I will bring enough copies for all attendees. The third attachment "DEQ Notes\_Responses to PCW..." are notes and additional information for my use that I am making available to state agencies and the GNRO only. These notes are subject to change and expansion at a later time.

Many thanks to DEQ, ODFW, and ODF staff for their help pulling this information together.

Please let me know if you have any comments or questions.

Thanks,  
Josh
